

Recreation Board Meeting for 2/10/25

Barrett Memorial Hall, 6:30 pm

Present: Leslie Berger, Ed Huang, Jason Loomis, Stephen Drew, Hilary Linehan.
Harry Falconer from TRORC (arrived at 6:45, departed at 7:15)

- EV Charger proposal in conjunction with the Strafford Energy Committee - Harry Falconer from TRORC

Harry presented a slide show to demonstrate the possible EV charger locations that would make sense in South Strafford. The Park & Ride was one proposal and the parking area in front of the Red Barn was another. As there is no power at the Red Barn, the board felt it wasn't the right location. Board members also felt the Red Barn has a recreational emphasis and should not be used as a parking lot. Harry clarified the Red Barn location was considered because the Rec Board had discussed putting electricity into the barn. This is now off the table, as the board has no plans in the near future for the installation of electricity in the barn. Harry will pursue the EV charger location with the selectboard.

- Email from Mike Hebb re: organized community hikes

The Rec Board has no desire to sponsor such hikes. Individuals may do so without board sponsorship.

- Communication with Erin Taylor - Soccer Camp proposed dates: June 23-27

Leslie will contact Erin and confirm the Rec Board's desire for JT to hold soccer camp again this summer. Erin will be directed to obtain a facilities permit and submit a COI per regulation.

- Recreation Board members- appointments and terms ending

Leslie - Term ending March 2025, would like to continue for an additional term.

Jason - Term ending March 2025, would like to continue for an additional term.

Stephen - Term ending March 2025, would like to continue for an additional term.

Meeting adjourned at 7:40
