UVA SUBSCRIPTION PLAN

It has come to our attention that our annual subscription applications are causing some concern and questions.

We sincerely apologize for any confusion.

The operating budget for Upper Valley Ambulance is made up from the funds from each town (accounts for approximately 45% of the budget), with the remainder being what we receive from billing insurance companies for our services. We also receive monies from other sources such as donations and the annual subscription program.

The subscription program is an annual program that is in place for the residents of the nine towns that we serve. Many folks carry insurance with very large deductibles or co-pays. When a family enrolls into the subscription program we will still bill the insurance company, but will not bill the patient for their "out of pocket" expense.

We would like to let everyone know that Upper Valley Ambulance will respond to your emergency any time of the day or night regardless if you are enrolled into the subscription plan or not.

The employees at Upper Valley Ambulance are committed to providing the very best care to everyone in a timely manner. We train to be the best!

If you have any further questions or concerns, please feel to contact me directly.
