August 26, 2018 10:00 A.M.

AT THE STRAFFORD HISTORICAL SOCIETY

Present: Bob Johnston, David Taplin, Andersen Thorp, Silas Treadway, Tim Utt

April 22, 2018 minutes were unanimously approved.

The board received a "Letter of Approval" from Devin Colmen of the Vermont Department of Historic Preservation, that we are now an official "Certified Local Government."

One of this committee's objectives is to identify and survey historic properties in both villages.

Definition of village properties are needed.

It was discussed to begin with town municipal buildings followed with homeowners.

Silas offered to research this process & necessary forms.

Bob offered to look into grants and initiate the process. CLG can now apply for grants to register historic properties.

Forms and information will be presented to the select board as this process develops.

Discussion followed on Pennock Road barn and Town House steeple restoration.

Members were asked to keep track of volunteer hours as these can be supportive towards "In-Kind" grant funding.
