

## Rec Board Minutes 11/13/23

6pm @ Parish Hall

Present: Hilary Linehan, Ed Huang, Leslie Berger, Anne Fayen (Head Gardener) left at 6:22pm

### Pocket Park

- Pergola is up. next year will plant vines to group around and hopefully get a bench. Anne is very happy that this worked out. It will be a great, useable space.
- Split rail fence is the main project for next year
- Anne wants clarity about how to use the pocket park fund, this was not a rec board creation, the fund was created by the friends of the pocket park. We discussed asking Lisa if there is a written policy. She will try to bring ie people to look for grants or have Stephanie pass on opportunities.
- Hoping the lower lawn next to the park can be mowed by the town person. Trying to get in touch with Eric Thorpe to discuss, should take an extra 10 minutes max.
- Taking signs down for the winter with some help, added some Beaver fencing.

### Tennis Courts

- Tennis court trash/dog pot receptacles - rec board needs to be removing the trash or remove the receptacles, board will communicate with the selectboard if a town employee or mower could perhaps do this? Board assigned this to Jason
- Request for a plaque honoring Karen Didricksen (Hilary - working on needs to complete this task)
- Repainting Pickleball lines - motion Ed/second Hilary to repaint them red, cost is \$400. Unanimously approved. Ed will manage timing for it to happen in spring.
- Winter storage of equipment - Ed put tennis nets away, pickleball players will say when to put those nets away. Skatepark items need to go in bottom of red barn.

MOU with School - Selectboard is heading this and is expected to be completed by the end of the year.
