

Community Building Award Committee

* Notice of vacancies for committee

The Community Building Award was established in 2016, through a bequest from Ned Coffin.

The award is given annually to an organization or individual who has made a meaningful contribution to building a sense

of community in Strafford.

The committee consists of five people, approved by the Selectboard, who nominate recipients for the award each year.

We meet once or twice a year in October or November.

Candidates interested in serving a two year term on the committee should have knowledge of the many organizations in town and a

general idea of who is active in town activities. The committee will recommend candidates to the Selectboard for approval.

There are two vacancies.

Please send a brief expressions of interest, as to why you would be a good candidate.
