

STRAFFORD PLANNING COMMISSION

October 19, 2020

Present: Steve Willbanks, Chair; Greg Colling; Stuart Crocker; Kevin Grady; Donald Graham; Chrissy Jamieson; Brian Johnson; Martha Walke

Guest: Victoria Littlefield, TRORC

Meeting called to order at 7:01PM.

1. Minutes from September accepted as written.
2. Kevin Grady was appointed to the Planning Commission by the Strafford Selectboard.
3. Victoria Littlefield presented the Strafford maps showing areas appropriate for Solar and wind power. There is a third map, not available, that shows existing energy systems. She went on to discuss policies on limits and areas not appropriate for renewable energy development. Once our energy chapter is written the state will determine our energy compliance.

At our November meeting Victoria, with Geoff Martin, will discuss forestry concerns. Phoning in will be Pete Fellows to discuss flood hazard rules.

Steve Willbanks, Kevin Grady and Donald Graham will look at plans from other towns that have already been adopted in order to suggest wording for Strafford's energy chapter in the Town Plan.

Meeting adjourned at 7:59PM.

Respectfully submitted,

Martha M. Walke, Secretary
