

November 19, 2025

We have an opening on our 9-person board. Our mission is to preserve and protect the wild and natural places of Strafford and to encourage our community to get outside and experience those places. We lead guided and educational hikes on our almost 30 miles of hiking trails every summer. We organize tree planting and river walks (clean ups). Being able to attend most of the meetings is important. Being willing to lead an educational activity or a hike is also beneficial. We are always looking for help with maintaining our trails.

We meet monthly, on the fourth Tuesday of the month at 7pm at the Town Office.

If you are interested in joining our fun and nature-oriented group, email the chair, Micki Colbeck, mjcolbeck@gmail.com. Please include a short statement of why you would like to join and what your special interests are. Thanks
